 Editor's note: We cannot help but feel when we type out such lists as
 above - that something is missing from them. Instead of the listing as
 "Four-Horse-Tableau" - what a thrill it would be to give a description
 of the design of wagon itself, and thus give to our readers a word pic-
 ture of these wonderful old parades! This is one reason why we, as
 Circus Historians and collectors, should keep a detailed description of
 the parades of recent years, so that future circus collectors will be
 able to enjoy parade descriptions which many of our members are now
 preparing.

SPECIAL NOTE TO MEMBERS !

The success of the two previous "Christmas Issues" of the Bandwagon is well known to all members, thanks to the splendid co-operation of you all. We wish to mention again that we want to get the Christmas issue into the mail ahead of time so that it will not get mixed up with the heavy mail at that time of the year.

Therefore we would ask that all copy for ads and greetings be sent to us not later than the end of November or first day or two of December at latest! Last year a number of our members used the Bandwagon columns for a special greeting to fellow members and collectors. We are looking forward to an even greater number doing so this year. This is a nice way to show your friends that you are thinking of them at that time of the year. And it is economical too!

Full page rate \$3.00; 1/2-page \$1.50, 1/4-page 75¢, 1/16-page 50¢, and a small adlet for 25¢. Send remittance to our Secretary, Jack Lyon, whose new address is 210 Waterloo Ave., Guelph, Ontario, Canada.

Remember - the more ads and greetings we receive, the more reading matter we are able to give you. Make the 1944 Christmas Issue the best yet.!
